jerusalem in the qur an is a great book that thrilled and delighted me in a number of ways i am surprised that such a meticulously documented book had to wait for such a long time before seeing the light it is now more than half a century since the zionists began their appalling oppression and ethnic cleansing of the palestinian people whose only offense is that they happened to live in a country considered by the jews to be their promised holy land the zionists have continuously referred to distorted scriptures from the torah and other biblical material to justify their atrocious behavior and to motivate the jews to establish a state of israel that extends from the nile to the euphrates with jerusalem as its capital for example david ben gurion the first prime minister of israel is quoted to have said the bible is our deed to the land of israel muslim scholars on the other hand have largely failed in refuting zionist claims from authenticated historical and religious sources and have also failed to accomplish their religious responsibility in clearly documenting this question from the holy qur an and the blessed ahadith of our beloved prophet peace and blessings be upon him as far as i know whatever is written on this subject is rather superficial and emotionally tainted or simply stating facts in a cool manner may allah ta ala reward brother imran hosein for writing this scholarly document which will indeed fill up this intellectual and religious gap and serve as an academic reference to muslims in all parts of the world as i write this introduction this book that was published only this year is already being translated to arabic and bosnian in a short time it will be rendered into other european languages and to all the other tongues of the islamic world it must be reported however that the importance of writing a book about the holy land in the qur an have not escaped the vision of far sighted and creative muslim thinkers such as dr kalim siddiqui founder president of the muslim institute for research and planning and professor shaheed ismail al farouqi i am surprised at the vision of the former scholar who asked imran hosein to write this book as early as 1974

he urged him saying that jerusalem is the key to understanding the historical process of the middle east and the world at large shaikh imran successfully accomplished this task after 27years though seemingly late but it has come at the right time in which the whole world is being shocked by jenin and what happened in sabra and shatila i am amazed by imran s style of writing though jerusalem in the qur an is a meticulously written thesis combining religious and historical documents with recent political events and penetrating interpretations from the qur an and hadith it runs like a story once you begin reading it it is hard to stop this is the general quality of a novel the person would read it once and throw the book away but not that of a serious thought provoking dissertation like the book that brother shaikh imran published it is a reference that one needs to keep and reread whenever the subject is to be researched i believe that this eloquence of the shaikh must be the result of a natural gift that has interacted with his indefatigable work as a preacher and da iyah and the divine blessings for his sincerity finally in spite of the seemingly depressing situation of the muslims in general and the palestinians in particular reading the book would certainly give one a warm surge of optimism about our future a bright light that shines at the end of our long dark tunnel of history we are living at the end of time this is the age in which the prophecies of the holy qur an and the blessed hadith are unfolding right before our very eyes to prove to humanity the truthfulness of our faith

in consequence of a mysterious decision taken by mustafa kamal s secular republic of turkey to not only change the city s name but to also take steps that eventually ensured that the name constantinople would no longer be used this writer had to retrieve the name constantinople from the museums of history in order for this book to be written why did the secular turkish leader change the name of the city why did the name constantinople have to suffer that mysterious fate this book brings clarity to that subject this writer is convinced that the mysterious disappearance of the name constantinople from the modern day vocabulary and discourse is directly linked to the status and role of the city in both islamic and christian eschatology

this project presents the hermeneutical approaches to the qur'ān of the most prominent qur'ānic scholars in islamic intellectual history not only scholars who wrote commentaries on the qur'ān in the narrow sense of the word tafāsīr are to be presented but also those who dealt hermeneutically with the qur'ān in various ways the handbook of qur'ānic hermeneutics is the first book that discusses all the hermeneutical fields of the qur'ān it will be published in seven volumes

i want my readers and audiences to know that this book is the rest of the last two books and also more about other subjects after the publishing of the last two books it has come to my attention that my work is not done because there are more situations that are going in haiti and the world shortly after the fourth book was published i wish some of the information were available to me few months before i publish the fourth book to include them on the fourth book that is why the fifth book takes longer to publish due to some ongoing situation that is going in the world particularly in haiti i know the title of the book may sound strange to some of you do not let the title of the book fools yo u because there is more going in the book than the title itself i could not find any other title to give the fifth book because of the way it was design and write on a lot of subjects each part or chapter stands individually but connect to each other to some degree you will find out for yourself while reading the book

this work analyses 1 the discursive terrain of the muslim community ummah of trinidad and tobago from the jihad of the jamaat al muslimen on july 27th 1990 to 2015 with emphasis on the evolution of militant islam in this period 2 it deconstructs the discourse of the islamic state constructed to motivate muslims of the world especially of the west to migrate to undertake hijrah to the islamic state with emphasis on the discursive concepts of the islamic apocalypse the malahim hijrah and jihad is war 3 it deconstructs the specific discourse of the islamic state constituted for the muslims of trinidad and tobago which reveals the importance of the trinidad and tobago contingent to the propaganda machinery of the islamic state 4 it deconstructs the discourse of the survivors which reveals the complex motivational

structure that drove muslims of trinidad and tobago to journey to the islamic state what is revealed is a power relation between the muslims of trinidad and tobago who are a minority group of the population of trinidad and tobago the kufr state of trinidad and tobago and the discourse of the islamic state the reality that the trinidad and tobago contingent to islamic state was the largest per capita amongst muslims that undertook hijrah to the islamic state speaks volumes to the susceptibility of the muslim community to the call of the islamic state this work deconstructs the underlying reality that ensured the virulence of the discourse of the islamic state in its impact on muslims of trinidad and tobago

jerusalem in the qur an made its debut at a crucial time when the morale of the muslims was not only at its lowest but is continually sinking the blatant incessant israeli incursions in the holy land go unabated and muslims are echoing the very words that their fellow brethren called out unto their lord when they were being persecuted at the hands of the kuffar of makkah when will the help of allah come shaikh imran s insight into the events that are unfolding in the world today is a source of inspiration for muslims for he convincingly argues from his scholarly interpretations of the divine writ i e the holy qur an and the ahadith of the prophet muhammad sallallahu alaihi wa sallam that the help of allah subhanahu wa ta alah is at hand that the holy land will be liberated and that islam will re emerge as the ruling state in the world the reader will be enthralled by the author s grasp on world politics jerusalem in the qur an comes as a ray of sunshine for muslims and is an eye opener for the so called people of the book though jerusalem in the qur an is a meticulously written thesis combining religious and historical documents with recent political events and penetrating interpretations from the qur an and hadith it runs like a story once you begin reading it it is hard to stop it is a reference that one needs to keep and re read whenever the subject is to be researched the book gives a detailed beautifully written exposition of these episodes with brilliant interpretations from the holy qur an and sunnah no one would fail to appreciate his penetrative thought and his spiritual depth
