international conference on islamic early childhood education in multiperspectives icecem 2022 is a program of the early childhood education study program at prof kh saifuddin zuhri purwokerto state islamic university aims to encourage and provide opportunities for researchers and academics to exchange views and opinions answer and debate policy relevant issues and produce academic research outputs on important topics the basic idea to encourage research in linguistics is to have maximum research impact on education islam science socio culture humanity technology and digital

many questions arise as to how islamic education management differs from other education management for example the existence of management general education is generally the same this means that there are many or even the majority of managerial rules that can be used by all management but specifically there are specificities that require special handling as well the essence of management in any field is the same it s just that the variables it faces are different depending on what field the management is used and developed the difference in these variables brings cultural differences which then give rise to differences especially the management of islamic education in the perspective of hadith

the prosperous justice party pks is the most interesting phenomenon in contemporary indonesian politics not only is it growing rapidly in membership and electoral support it is also bringing a new and markedly different approach to islamic politics one which has no precedent in indonesian history understanding pks and analysing its political behaviour presents challenges to scholars and observers this is partly due to the fact that the party represents a new trend within indonesian islam which has few parallels with preceding movements yon machmudi has rendered us a valuable service in this book he provides a thoughtful and authoritative context for viewing pks he critiques the existing categorisations for indonesian islam and points to their inadequacy when describing the pks and the campus based tarbiyah movement from which it sprang he reworks the santri typology dividing it into convergent radical and global substreams this offers new possibilities for explaining the pks phenomenon and assists in

differentiating between various types of islamic revivalism in contemporary indonesia it also allows a more understanding of the accommodatory stance which pks has towards the state and other political forces yon s text provides a good overview of the development of pks from its tarbiyah movement origins to its impressive success at the 2004 general elections it considers the party s attitude towards the issues of sharia implementation and community welfare and closes by examining the future challenges facing pks it is a well written and authoritative account from a scholar who has done wideranging research on the party

this is an open access book the conference will emphasize the importance of cross sectoral collaboration in social studies and education engaging researchers professionals and government officials to develop holistic and inclusive strategies for sustainable development this conference provides an opportunity for knowledge exchange and networking objectives to examine the role of social sciences in addressing global challenges related to the sdgs to identify and share best practices in education teaching learning that contribute to the sdgs to provide a platform for presenting research findings and innovative solutions that address development needs in relation to the sdgs scope and sub themes the conference will focus on subthemes including but not limited to sustainable development and social policy education technology and society cultural studies multiculturalism and gender studies civic and political studies urbanization social transformation and spatial planning
