the definitive work on stalin s purges the great terror was universally hailed when it first appeared in 1968 in the last few years with the advent of glasnost an avalanche of new material has been made available now conquest has mined this wealth of new information to write a substantially new edition of his classic work

a weekly review of politics literature theology and art

erwin muller is professor of safety and security law at the law faculty of leiden university and director of cot institute for safety security and crisis management in the hague

robert conquest s the great terror is the book that revealed the horrors of stalin s regime to the west this definitive fiftieth anniversary

edition features a new foreword by anne applebaum one of the most important books ever written about the soviet union the great terror revealed to the west for the first time the true extent and nature stalin s purges in the 1930s in which around a million people were tortured and executed or sent to labour camps on political grounds its publication caused a widespread reassessment of communism itself this definitive fiftieth anniversary edition gathers together the wealth of material added by the author in the decades following its first publication and features a new foreword by leading historian anne applebaum explaining the continued relevance of this momentous period of history and of this classic account

throughout his presidency franklin roosevelt was determined to pursue a peaceful accommodation with an increasingly powerful soviet union an inclination reinforced by the onset of world war roosevelt knew that defeating the axis powers would require major contributions by the soviets and their red army and so despite his misgivings about stalin s expansionist motives he pushed for friendlier relations yet almost from the moment he was inaugurated lower level officials challenged fdr s ability to carry out this policy mary glantz analyzes tensions shaping the policy stance of the united states toward the soviet union before during and immediately after world war ii focusing on the conflicts between a president who sought close relations between the two nations and the diplomatic and military officers who opposed them she shows how these career officers were able to resist and shape presidential policy and how their critical views helped shape the parameters of the subsequent cold war venturing into the largely uncharted waters of bureaucratic politics glantz examines overlooked aspects of wartime relations between washington and moscow to highlight the roles played by u s personnel in the u s s r in formulating and implementing policies governing the american soviet relationship she takes readers into the american embassy in moscow to show how individuals like ambassadors joseph davies lawrence steinhadt and averell harriman and u s military attaches like joseph michela influenced policy and reveals how private resistance sometimes turned into public dispute she also presents new material on the controversial military attach lend lease director phillip faymonville a largely neglected officer who understood the soviet system and supported roosevelt s policy deftly combining military with diplomatic history glantz traces these philosophical and policy battles to show how difficult it was for even a highly popular president like roosevelt to overcome such entrenched and determined opposition although he reorganized federal offices and appointed ambassadors who shared his views in the end he was unable to outlast his bureaucratic opponents or change their minds with his death anti soviet factions rushed into the policymaking vacuum to become the primary architects of truman s cold war containment policy a case study in foreign relations high level policymaking and civil military relations fdr and the soviet union enlarges our understanding of the ideologies and events that set the stage for the cold war it adds a new dimension to our understanding of soviet american relations as it sheds new light on the surprising power of those in low places

focusing on the phenomenon of terrorism in the post cold war and post 9 11 era terrorism and counterterrorism looks at this form of political violence in an international and american context and in light of new and historical trends broadly addressing the question what is terrorism brigitte nacos a renowned expert in the field clearly defines and discusses terrorism s many causes actors and strategies as well as anti and counter terrorist responses in addition this text uniquely investigates terrorism s relationship with the media and the public comprehensive and highly readable terrorism and counterterrorism introduces students to key concepts in the study of terrorism and political violence and helps them challenge preconceptions of this complex and vital issue

this volume covering entries t z presents information on those acts that fall within the definitions developed over the past century of crimes under international law war crimes genocide and crimes against humanity

in a sweeping study of the west over the last 500 years bruce porter shows the astonishing range of warfare s modernizing effects on states warfare unifies rallies and bureaucratizes both states and their populaces warfare triggers nationalism reform movements and revolutions more positively through its inevitable mobilization of citizenry war has been a contributing cause of virtually all major social movements and even democracy porter examines major civil wars as well as international conflicts showing how they served as catalysts for the new monarchies absolutist states nation states totalitarian states and contemporary industrial and post industrial states finishing with an examination of the impact on the american state of the civil war the two world wars and the cold war porter reveals our own paradox pro military conservatives denounce big government forgetting that military might presupposes political power anti military liberals embrace to the power of the state to accomplish social ends while hesitating to acknowledge the military origins of that power the dust jacket flaps

scholarly articles dealing with political events in russia up to 1991

in a book that is as certain to be as controversial as it is meticulously researched a former special assistant to the president for national security affairs and senior official of the central intelligence agency shows that the u s could be headed toward a nuclear face off with communist china within four years and it definitively reveals how china is steadily pursuing a stealthy systematic strategy to attain geopolitical and economic dominance first in asia and eurasia then possibly globally within the next twenty using recently declassified documents statements by russian and chinese leaders largely overlooked in the western media and groundbreaking analysis and investigative work menges explains china s plan thoroughly exposing china s methods of economic control china s secret alliance with russia and other anti america nations including north korea china s growing military and nuclear power over 90 icbms many of them

aimed at u s cities how china and russia have been responsible for weaponizing terrorists bent on harming the u s damage caused by china s trade tactics since 1990 we ve lost 8 million jobs thanks to china trade surpluses

this book provides a critique of the initial creation and recent developments in the department of homeland security dhs it discusses current views on prevention and the creation of a prudent global policy that balances military force and diplomacy including the use of intelligence as a means to counter terrorism considers preparedness for man made and natural disasters and terrorism as well as the threat of nuclear terrorism and other wmds it explores the delicate balance between national security and the protection of privacy and civil liberties

part of the questions in history series for as and a level history this title examines the soviet union under stalin concentratng on the period before the second world war

a bestseller in its field a history of western society examines the lives of both historical figures and ordinary people using an engaging lively writing style to capture and maintain student interest the authors pay careful attention to political and cultural phenomena providing a balanced account of western history as a whole in addition to its emphasis on social history the eighth edition retains the text s hallmark pedagogical features and visual appeal in order to promote critical thinking listening to the past features present primary source documents and questions for analysis that reinforce themes in social history individuals in society biography features focus on the impact of historical events on an individual or group and explain the actions taken by those people images in society photo essays promote visual analysis new coverage includes the iceman in chapter 1 reformation art in chapter 14 and eighteenth century london in chapter 19 more emphasis has been placed on a broader view of europe particularly islamic regions and europe s place in the world chapter 9 includes a new section on moorish spain while chapter 27 focuses on the effects of world war i on arab nations the eighth edition devotes greater attention to women and gender issues expanded coverage includes spartan and athenian women witch hunts and british women s role in imperialism publisher
